

Transforming the Lives of Children and Youth at Risk

Workshop Scheduled for Interested Non Profit Organizations on June 23

1 - 2:30 pm

Social Venture Partners (SVP) is pleased to announce its third investment cycle. SVP Cincinnati's 2010 investment focus is *Transforming the Lives of Children and Youth at Risk*, and we seek to support local organizations working on innovative, long-term solutions to the challenges facing at-risk children and families, such as hunger, poverty, literacy, obesity and homelessness.

SVP Cincinnati is a diverse network of professionals who are pioneering a new model of giving – venture philanthropy. As one of the 25 SVP chapters in the [Social Venture Partners International](#) network, we engage with local nonprofits using a venture capital approach, which involves contributing expertise, time, and money. SVP Cincinnati is committed to developing high-engagement, long-term relationships to help build successful and sustainable nonprofit organizations. Our goal is to develop the operational strength of an organization. Thus, we focus on building infrastructure and do not advise on the program content of an organization. The June 23rd introductory workshop for non-profit organizations interested in applying to become an SVP Investment Partner (investee) will be held from 1:00 to 2:30 p.m. at the offices of Social Venture Partners, Suite 500, 3805 Edwards Road, Norwood.

Because our grants are augmented by our unique "hands-on" capacity-building focus and long term investment in an organization (typically 3 -5 years), applicants are strongly encouraged to attend this workshop. *Funding preference will be given to those who attend.* Agencies may send staff and/or board members to learn about our engagement philosophy and practices. Application instructions, key dates and more information about SVP's model of engaged philanthropy will be distributed at the June 23rd workshop and will be posted on svpcincinnati.org.
